**BENEFICIARY:**

In November of 2015, Michael Romero, father of 2 (including student Eric Romero) and a loving husband of 21 years, was diagnosed with ALS and was only given 2 years to live from the diagnosed date. ALS (Amyotrophic Lateral Sclerosis) is a progressive neurodegenerative disease that affects nerve cells in the brain and the spinal cord giving one no muscular use over time. Every dollar raised during PEACE Week will go toward covering Michael Romero's medical expenses. Please come out to every event possible to show your support!
